Ok, so far as I know, we have not a request your end. We'll finish our meeting with the HCHD and email you when we're ready to head over. We can talk about what you may want from us. Can you give me an address? I have two different ones and the Health folks gave us a third this afternoon.

FYI. We are here with the County Health, not the County EOC.

No problem. I was under the impression that Unified Command was getting a health consult for the incident, but if Harris County EOC is the place you need to be, that works. Please share the results of the consult with me, so I can provide it to Unified Command. Thanks for your valuable work.

If you want to come by, anytime that works for you is fine.

Thanks
Adam

Regardless if you need support, I think we would like to stop by and see the ICP if that would not be a problem. I've been in a few, but my team members are relatively new to this kind of fieldwork. Obviously, a visit would be at your convenience and discretion. If we can help, that would be great.

Adam,

The CDC/ATSDR team is in town working with Harris County Health Dept. We have a meeting with them at 9:00 with the Director. We are assisting them review environmental data to address public health concerns. I can ask the team if we can visit you in the afternoon tomorrow

Do have a request or need for support? We need a quick invite and overview of supporting needs. Can you get that request to me?

Patrick

Is your team coming to the ICP in Deer Park?

John Martin is overlapping me tomorrow and covering for a couple days.
